#### INDEPENDENT AUDITORS' REPORT

Board of Selectmen Town of Casco Casco, Maine

#### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Town of Casco, Maine, as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

3 Old Orchard Road, Buxton, Maine 04093

Fax: (207) 929-4609

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of the Town of Casco, Maine as of June 30, 2015, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Other Matters

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 4 through 10 and 39 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Casco, Maine's basic financial statements. The combining and individual nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements are the responsibility of management and were derived from and related directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements are fairly stated in all material respects in relation to the basic financial statements as a whole.

Buxton, Maine May 6, 2016

## REQUIRED SUPPLEMENTARY INFORMATION MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2015

#### (UNAUDITED)

The following management's discussion and analysis of the Town of Casco's financial performance provides an overview of the Town's financial activities for the fiscal year ended June 30, 2015. Please read it in conjunction with the Town's financial statements.

#### **Financial Statement Overview**

The Town's basic financial statements include the following components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also includes required supplementary information which consists of the general fund budgetary comparison schedule, and other supplementary information which includes combining and other schedules.

#### **Basic Financial Statements**

The basic financial statements include financial information in two differing views: the government-wide financial statements and the fund financial statements. These basic financial statements also include the notes to financial statements that explain in more detail certain information in the financial statements and also provide the user with the accounting policies used in the preparation of the financial statements.

#### **Government-Wide Financial Statements**

The government-wide financial statements provide a broad view of the Town's operations in a manner that is similar to private businesses. These statements provide both short-term as well as long-term information in regards to the Town's financial position. These financial statements are prepared using the accrual basis of accounting. This measurement focus takes into account all revenues and expenses associated with the fiscal year regardless of when cash is received or paid. The government-wide financial statements include the following two statements:

The Statement of Net Position – this statement presents *all* of the government's assets, deferred outflows of resources, liabilities and deferred inflows of resources with the difference being reported as net position.

The Statement of Activities – this statement presents information that shows how the government's net position changed during the period. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows.

Both of the above mentioned financial statements have one column for the Town's activity. The type of activity presented for the Town is:

• Governmental activities – The activities in this section are mostly supported by taxes and intergovernmental revenues (federal and state grants). All of the Town's basic services are reported in governmental activities and include general government, public safety, health and sanitation, public works, social services, parks, recreation, and cemeteries, education and unclassified.

#### **Fund Financial Statements**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town, like other local governments uses fund accounting to ensure and demonstrate compliance with financial related legal requirements. All of the funds of the Town can be divided into two categories: governmental funds and fiduciary funds.

Governmental funds: All of the basic services provided by the Town are financed through governmental funds. Governmental funds are used to account for essentially the same functions reported in governmental activities in the government—wide financial statements. However, unlike the government-wide financial statements, the governmental funds financial statements focus on near-term inflows and outflows of spendable resources. They also focus on the balance of spendable resources available at the end of the fiscal year. Such information will be useful in evaluating the government's near-term financing requirements. This approach is known as the current financial resources measurement focus and the modified accrual basis of accounting. Under this approach revenues are recorded when cash is received or when susceptible to accrual. Expenditures are recorded when liabilities are incurred and due. These statements provide a detailed short-term view of the Town's finances to assist in determining whether there will be adequate financial resources available to meet the current needs of the Town.

Because the focus of governmental funds is narrower than that of government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities. These reconciliations are presented on the page immediately following each governmental fund financial statement.

The Town presents only two columns in the governmental funds balance sheet and the governmental funds statement of revenues, expenditures and changes in fund balances. The Town's major governmental fund is the general fund. All other funds are shown as nonmajor and are combined in the "Other Governmental Funds" column on these statements.

The general fund is the only fund for which the Town legally adopted a budget. The Budgetary Comparison Schedule – Budgetary Basis – Budget and Actual – General Fund provides a comparison of the original and final budget and the actual expenditures for the current year.

Fiduciary Funds: These funds are used to account for resources held for the benefit of parties outside the Town of Casco. These funds are not reflected in the government-wide financial statements because the resources of these funds are not available to support the Town's own programs. The accounting used for fiduciary funds are much like that of proprietary funds. They use the accrual basis of accounting.

#### **Notes to the Financial Statements**

The notes provide additional information that is essential to a full understanding of the data provided in the Government-Wide and the Fund Financial Statements. The Notes to Financial Statements can be found following the Statement of Fiduciary Net Position - Fiduciary Funds.

#### **Required Supplementary Information**

The basic financial statements are followed by a section of required supplementary information, which includes a Budgetary Comparison Schedule – Budgetary Basis – Budget and Actual – General Fund.

#### Other Supplementary Information

Other supplementary information follows the required supplementary information. These combining and other schedules provide information in regards to nonmajor funds, capital asset activity and other detailed budgetary information for the general fund.

#### **Government-Wide Financial Analysis**

Our analysis below focuses on the net position, and changes in net position of the Town's governmental activities. The Town's total net position increased by \$615,379 from \$5,258,042 to \$5,873,421.

Unrestricted net position - the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements - increased to a balance of \$3,591,610 at the end of this year.

Net Position - June 30	\$ 5,873,421	\$ 5,258,042

#### **Financial Analysis of the Town's Fund Statements**

Governmental funds: The financial reporting focus of the Town's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information may be useful in assessing the Town's financial requirements. In particular, unassigned fund balance may serve as a useful measure of

a government's financial position at the end of the year, and the net resources available for spending.

Table 3
Town of Casco, Maine
Fund Balances - Governmental Funds
June 30,

	2015	2014
General Fund:		_
Nonspendable	\$ 37,995	\$ 37,995
Committed	175,400	157,994
Unassigned	 1,971,387	1,730,649
Total General Fund	\$ 2,184,782	\$ 1,926,638

Permanent Funds:		
Restricted	88,874	89,807
Total Nonmajor Funds	\$ 1,017,589	\$ 894,551

The general fund total fund balance increased by \$258,144 from the prior fiscal year. The nonmajor funds total fund balances increased by \$123,038 from the prior fiscal year.

#### **Budgetary Highlights**

The difference between the original and final budget for the general fund was the use of committed fund balances as well as certain applied receipts.

The general fund actual revenues exceeded budget by \$171,528. This was mostly a result of all receipt categories being receipted in excess of budgeted amounts with the exception of charges for services.

The general fund actual expenditures were under budget by \$300,682. All expenditure categories were under budget with the exception of public works, social services, parks, recreation, and cemeteries, interest on debt service and transfers to other funds.

#### **Capital Asset and Debt Administration**

#### **Capital Assets**

As of June 30, 2015, the net book value of capital assets recorded by the Town increased by \$225,286 from the prior year. This increase was the result of current year additions of \$311,683 less current year depreciation expense of \$86,397.

# Table 4 Town of Casco, Maine Capital Assets (Net of Depreciation) June 30.

	2015	2014
Land Buildings and Improvements Vehicles and equipment Infrastructure	\$ 219,000 1,080,488 74,889 677,500	\$ 219,000 1,133,135 76,017 398,439
Total	\$ 2,051,877	\$ 1,826,591

#### Debt

At June 30, 2015, the Town had no bonds outstanding versus \$61,132 last year. Other obligations include accrued sick and vacation time. Refer to Note 6 of Notes to Financial Statements for more detailed information.

#### **Currently Known Facts, Decisions, or Conditions**

#### **Economic Factors and Next Year's Budgets and Rates**

The Town has maintained a sufficient level of unassigned fund balance to sustain government operations for a period of approximately two months, while also maintaining significant reserve accounts for future capital and program needs.

#### **Contacting the Town's Financial Management**

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the Town's finances and to show the Town's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Town Office at 635 Meadow Road, P.O. Box 60, Casco, Maine 04015.

## NOTES TO FINANCIAL STATEMENTS JUNE 30, 2015

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### **Reporting Entity**

The Town of Casco, Maine was incorporated under the laws of the State of Maine. The Town provides the following services: general government, public safety, health and sanitation, public works, social services, parks and recreation, education and unclassified.

The Town's financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). Governments are also required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued through November 30, 1989 (when applicable) that do not conflict with or contradict GASB pronouncements. Although the Town has the option to apply FASB pronouncements issued after that date to its business-type activities and enterprise funds, the Town has chosen not to do so.

The Town's combined financial statements include all accounts and all operations of the Town. We have determined that the Town has no component units as described in GASB Statement No. 14 and amended by GASB Statements No. 39 and No. 61.

#### Government – Wide and Fund Financial Statements

The Town's basic financial statements include both government-wide (reporting the Town as a whole) and fund financial statements (reporting the Town's major funds).

Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. All activities of the Town are categorized as governmental.

In the government-wide Statement of Net Position, the governmental activities columns are (a) presented on a consolidated basis by column, and (b) are reported on a full accrual, economic resources basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Town's net position is reported in three parts – net investment in capital assets; restricted net position; and unrestricted net position. The Town first utilizes restricted resources to finance qualifying activities.

#### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2015

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The government-wide Statement of Activities reports both the gross and net cost of each of the Town's functions and business-type activities. The functions are also supported by general government revenues (property taxes, certain intergovernmental revenues, charges for services, miscellaneous revenues, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function or a business-type activity. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants. For the most part, the interfund activity has been eliminated from these government—wide financial statements.

The net costs (by function) are normally covered by general revenue (taxes, certain intergovernmental revenues and charges for services, etc.).

The Town does not allocate indirect costs. All costs are charged directly to the corresponding department.

The government-wide focus is more on the sustainability of the Town as an entity and the change in the Town's net position resulting from the current year's activities.

#### Measurement Focus - Basic Financial Statements & Fund Financial Statements

The financial transactions of the Town are reported in the individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund balances, revenues and expenditures/expenses. The various funds are reported by generic classification within the financial statements.

The following fund types are used by the Town:

#### 1. Governmental Funds:

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the Town:

a. The General Fund is the general operating fund of the Town. It is used to account for all financial resources except those required to be accounted for in another fund.

## NOTES TO FINANCIAL STATEMENTS JUNE 30, 2015

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

- b. Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.
- Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities or equipment.
- d. Permanent Funds are used to account for assets held by the Town that are legally restricted pursuant to Title 30-A, §5653 of the Maine State Statutes, as amended, and unless otherwise specified, only earnings, and not principal, may be used for purposes that benefit the Town or its citizenry. The Town's policy for authorizing and spending investment income follows State statutes.

#### 2. Fiduciary Funds:

Fiduciary funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support Town programs. The reporting focus is on net assets and changes in net assets and is reported using accounting principles similar to proprietary funds.

The Town's fiduciary funds are presented in the fiduciary fund financial statements by type (agency). Since by definition these assets are being held for the benefit of a third party (other local governments, private parties, etc.) and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide financial statements.

The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. Nonmajor funds by category are summarized into a single column, GASB Statement No. 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues, or expenses of either the fund category or the governmental and enterprise combined) for the determination of major funds. The nonmajor funds are combined in a column in the fund financial statements.

#### Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

## NOTES TO FINANCIAL STATEMENTS JUNE 30, 2015

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### 1. Accrual

Governmental activities in the government-wide financial statements and fiduciary fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

#### Modified Accrual

The governmental fund financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term debt, if any, is recognized when due.

#### Budget

The Town's policy is to adopt an annual budget for operations. The budget is presented on the modified accrual basis of accounting which is consistent with generally accepted accounting principles.

The following procedures are followed in establishing budgetary data reflected in the financial statements:

- 1. Early in the second half of the year the Town prepares a budget for the fiscal year beginning July 1. The operating budget includes proposed expenditures and the means of financing them.
- 2. A meeting of the inhabitants of the Town was called for the purpose of adopting the proposed budget after public notice of the meeting was given.
- 3. The budget was adopted subsequent to passage by the inhabitants of the Town.
- 4. The Town does not adopt budgets for Special Revenue Funds.

#### Deposits and Investments

The Town's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

#### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2015

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

It is the Town's policy to value investments at fair value. None of the Town's investments are reported at amortized cost. The Town is authorized by State Statutes to invest all excess funds in the following:

- Obligations of the U.S. Government, its agencies and instrumentalities.
- Certificates of deposits and other evidences of deposits at banks, savings and loan associations, and credit unions.
- Repurchase agreements
- Money market mutual funds

The Town of Casco has no formal investment policy but instead follows the State of Maine Statutes.

#### Interfund Receivables and Payables

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds". While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Any residual balances outstanding between governmental activities and business-type activities are reported in the governmental-wide financial statements as "internal balances".

#### **Transactions Between Funds**

Legally authorized transfers are treated as interfund transfers and are included in the results of operations of Governmental Funds.

#### Allowance for Uncollectible Accounts

The allowance for uncollectible accounts for ambulance accounts receivables is estimated to be \$30,530 as of June 30, 2015.

#### Capital Assets

Capital assets purchased or acquired with an original cost of \$10,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Infrastructure such as streets, traffic signals, and signs are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the estimated useful lives.

#### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2015

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The assets are valued at historical cost when available and estimated historical cost where actual invoices or budgetary data was unavailable. Donated fixed assets are valued at their estimated fair market value on the date received. All retirements have been recorded by eliminating the net carrying values.

#### Estimated useful lives are as follows:

Buildings 20 - 50 years
Machinery and equipment 5 - 10 years
Vehicles 3 - 25 years
Infrastructure 40 - 50 years

#### Long-term Obligations

The accounting treatment of long-term debt depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

All long-term debt to be repaid from governmental and business-type resources is reported as liabilities in government-wide statements. The long-term debt consists primarily of accrued compensated absences.

Long-term debt for governmental funds is not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources and payment of principal and interest reported as expenditures. The accounting for proprietary fund is the same in the fund statements as it is in the government-wide statements.

#### Compensated Absences

The Town's policies regarding vacation and sick time do permit employees to accumulate earned but unused vacation and sick leave. The liability for these compensated absences is recorded as long-term debt in the government-wide financial statements. In the fund financial statements, governmental funds report only the compensated absence liability payable from expendable available financial resources, while the proprietary funds report the liability as it is incurred. As of June 30, 2015, the Town's liability for compensated absences is \$82,827.

## NOTES TO FINANCIAL STATEMENTS JUNE 30, 2015

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Net Position**

Net position represents the difference between all other elements in a statement of financial position. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for those assets, and adding back unspent proceeds. Net position is reported as restricted when there are limitations imposed on its use either through enabling legislations adopted by the Town or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. Unrestricted net position is the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or restricted net position.

#### **Fund Balances**

In the fund financial statements, fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the Town is bound to honor constraints on the specific purpose for which amounts in the funds can be spent. Fund balance is reported in five components – nonspendable, restricted, committed, assigned and unassigned.

Nonspendable – This includes amounts that cannot be spent either because they are not in spendable form or because they are legally or contractually required to be maintained intact.

Restricted – This includes amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Committed – This includes amounts that can be used only for specific purposes determined by a formal action of the inhabitants of the Town. The inhabitants of the Town through Town meetings are the highest level of decision-making authority of the Town. Commitments may be established, modified, or rescinded only through a Town meeting vote.

Assigned – This includes amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. The authority for assigning fund balance is expressed by the Board of Selectmen.

Unassigned – This includes all other spendable amounts. The general fund is the only fund that reports a positive unassigned fund balance amount. Other

#### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2015

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

governmental funds besides the general fund can only report a negative unassigned fund balance amount.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balances are available, the Town considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the Town considers amounts to have been spent first out of assigned funds, and then unassigned funds, as needed.

#### **Deferred Outflows and Inflows of Resources**

In addition to assets, the statement of financial position and/or balance sheet will at times report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Town currently has no deferred outflows of resources.

In addition to liabilities, the statement of financial position and or balance sheet will at times report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Town has only one type of item, deferred tax revenues, which arises only under a modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, this item is reported in the governmental funds balance sheet. Prepaid taxes also qualify for reporting in this category. This item is reported in both the statements of net position and governmental funds balance sheet. All items in this category are deferred and recognized as an inflow of resources in the period that the amounts become available.

#### Revenue Recognition - Property Taxes - Modified Accrual Basis

The Town's property tax for the current year was levied September 11, 2014 on the assessed value listed as of April 1, 2014, for all real and personal property located in the Town. Taxes were due on in two installments on October 27, 2014 and April 8, 2015. Interest on unpaid taxes commenced on November 10, 2014 and April 22, 2015, at 7% per annum.

Property tax revenues are recognized when they become available. Available includes those property tax receivables expected to be collected within sixty days after year end. The remaining receivables have been recorded as deferred revenues.

#### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2015

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The Town is permitted by the laws of the State of Maine to levy taxes up to 105% of its net budgeted expenditures for the related fiscal period. The amount raised in excess of 100% is referred to as overlay, and amounted to \$89,858 for the year ended June 30, 2015.

Tax liens are placed on real property within twelve months following the tax commitment date if taxes are delinquent. The Town has the authority to foreclose on property eighteen months after the filing of the lien if tax liens and associated costs remain unpaid.

#### **Program Revenues**

Program revenues include all directly related income items applicable to a particular program (grant income/expenses).

#### **Encumbrance Accounting**

Encumbrances are not liabilities and, therefore, are not recorded as expenditures until receipt of material or service. For budgetary purposes, appropriations lapse at fiscal year-end. The Town does not utilize encumbrance accounting for its general fund.

#### Use of Estimates

During the preparation of the Town's financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets, liabilities, and disclosure of contingent items as of the date of the financial statements and the reported amounts of revenues and expenses/expenditures during the reporting period. Actual results may differ from these estimates.

#### NOTE 2 - DEPOSITS AND INVESTMENTS

The Town's investment policies, which follow state statutes, require that all investments be made considering the safe and sound investment of principal and preservation of capital in the overall portfolio, maintenance of sufficient liquidity to meet day-to-day operations and other cash requirements and maximization of income, within established investment risk guidelines, with consistent cash flows throughout the budgetary cycle. These investment policies apply to all Town funds.

## NOTES TO FINANCIAL STATEMENTS JUNE 30, 2015

#### NOTE 2 – DEPOSITS AND INVESTMENTS (CONTINUED)

#### **Deposits:**

Custodial credit risk for deposits is the risk that, in the event of a failure of a depository financial institution, the Town will not be able to recover its deposits. The Town does not have a policy covering custodial credit risk for deposits. However, the Town maintains deposits in qualifying financial institutions that are a member of the FDIC or NCUSIF as defined in Title 30-A, Section 5706 of the Maine Revised Statutes. At June 30, 2015, the Town's cash balances amounting to \$2,673,745 were comprised of bank deposits of \$2,646,996. All of these bank deposits were covered by federal depository insurance and consequently were not exposed to custodial credit risk or with an irrevocable standby letter of credit.

	Bank
Account Type	Balance
Checking accounts	\$ 2,646,996

#### Investments:

Custodial credit risk for investments is that, in the event of failure of the counterparty, the Town will not be able to recover the value of its investments or collateral securities that are in possession of an outside party. Currently, the Town does not have a policy for custodial credit risk for investments. The Town's investment in certificates of deposits, for \$183,616 are fully insured by federal depository insurance or with an irrevocable standby letter of credit and consequently were not exposed to custodial credit risk.

At June 30, 2015, the Town had the following investments and maturities:

	Fair						
Investment Type	 Value	 N/A		<	<pre>&lt; 1 Year</pre>	1 - 5	Years
					_		
Certificates of deposit	\$ 183,616	\$	_	\$	183,616	\$	

Credit risk – Statutes for the State of Maine authorize the Town to invest in obligations of the U.S. Treasury, agencies and instrumentalities, other states and Canada, provided such securities are rated within the three highest grades by an approved rating service of the State of Maine, corporate stocks and bonds within statutory limits, financial institutions, mutual funds and repurchase agreements. The Town does not have an investment policy on credit risk. Generally, the Town invests excess funds in savings accounts and various insured certificates of deposit.

#### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2015

#### NOTE 2 – DEPOSITS AND INVESTMENTS (CONTINUED)

Interest rate risk – is the risk that changes in interest rates will adversely affect the fair value of an investment. The Town does not have a policy related to interest rate risk.

#### NOTE 3 - INTERFUND RECEIVABLES AND PAYABLES

Interfund balances at June 30, 2015 consisted of the following individual fund receivables and payables:

	Receivables (Due From)		Payables Due To)

## NOTES TO FINANCIAL STATEMENTS JUNE 30, 2015

#### NOTE 5 – SHORT-TERM DEBT

On September 25, 2014, the Town issued a tax anticipation note through TD Bank, N.A. in anticipation of tax revenues to meet its operating obligations during the fiscal year. The note, a line of credit, allowed principle draws up to \$1,000,000 at 1.60% interest with a maturity date of December 31, 2014. Short-term debt activity for the year ended June 30, 2015, was as follows:

	Bala	ance,			Bala	ance,
	7/	1/14	Additions	Repayments	6/3	0/15
	'					
Tax anticipation note	\$	-	\$ 1,000,000	\$ (1,000,000)	\$	-

Interest paid for the year ended June 30, 2015 was \$4,267.

#### NOTE 6 - LONG-TERM DEBT

The following is a summary of changes in long-term debt for the year ended June 30, 2015:

	Balance 7/1/14	Additions	Reductions	Balance 6/30/15	Current Year Portion
Bonds payable Accrued compensated	\$ 61,132	\$ -	\$ (61,132)	\$ -	\$ -
absences Totals	71,606 \$ 132,738	11,221 \$ 11,221	\$ (61,132)	82,827 \$ 82,827	\$2,827 \$82,827

#### NOTE 7 – OPERATING LEASES

#### Leasing arrangements where the Town is lessor:

The Town of Casco leases a facility at 942 Meadow Road to the United States Postal Service, the lessee, for its postal operations in Casco, Maine. This is a fifteen year lease with (3) five-year renewal provisions. Rental income of \$27,146 was received in fiscal year 2015.

Operating leases do not give rise to property rights and therefore the results of the lease agreements are not reflected in the Town's capital assets. The lessees are responsible for paying all executor costs such as maintenance and insurance.

The following is a schedule by year, of minimum future rental income on the Town's non-cancelable operating leases as of June 30, 2015:

## NOTES TO FINANCIAL STATEMENTS JUNE 30, 2015

#### NOTE 7 – OPERATING LEASES (CONTINUED)

Year Ending	Ger	General Fund			
June 30,	Rental Income				
2016	\$	20,360			

Minimum future rentals do not include contingent rentals which may be received as stipulated in the lease contracts. There were no contingent rental payments received in fiscal year 2015.

#### Leasing arrangements where the Town is lessee:

A summary of the outstanding operating leases payable is as follows:

The Town leases a fax from GreatAmerica Leasing Corporation under a non-cancelable lease agreement dated September 2012. The term of the lease is for 39 months ending in December of 2015. Monthly payments are \$51.

Future minimum lease payments at June 30, 2015, are as follows:

#### NOTE 8 – OVERLAPPING DEBT

The Town is contingently liable for its proportionate share of any defaulted debt by entities of which it is a member. At June 30, 2015, the Town's share was approximately:

	Outstanding Debt	ng Town's Percentage		Amount
County of Cumberland RSU No. 61	\$ 37,368,560 14,726,669	1.59% 24.76%	\$	594,881 3,646,323
			\$	4,241,204

#### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2015

#### NOTE 9 - NONSPENDABLE FUND BALANCES

At June 30, 2015, the Town had the following nonspendable fund balances:

General F	und:
-----------	------

Tax acquired property \$ 37,995

#### NOTE 10 - RESTRICTED FUND BALANCES

At June 30, 2015, the Town had the following restricted fund balances:

Nonmajor Special Revenue Funds (Schedule E)	\$ 141,060
Nonmajor Permanent Funds (Schedule I)	 88,874
	\$ 229,934

#### NOTE 11 - COMMITTED FUND BALANCES

At June 30, 2015, the Town had the following committed fund balances:

Grange Hall	5,644
Transfers to other funds	 4,348
	\$ 92,383

#### NOTE 14 - DEFERRED COMPENSATION PLAN

International City Management Association Retirement Corporation

#### A. Plan Description

The Town offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457 and maintained by International City Management Association Retirement Corporation (ICMA-RC). The plan permits employees to defer a portion of their salary, in addition to Town contributions, until future years. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency.

All amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property, or rights are solely the property and rights of the participants. All assets are protected by a trust arrangement from any claims on the Town and from any use by the Town other than paying benefits to employees and their beneficiaries in accordance with the plan.

It is the opinion of the Town's management that the Town has no liability for losses under the plan but does have the duty of due care that would be required of an ordinary prudent investor.

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2015

#### NOTE 14 - DEFERRED COMPENSATION PLAN (CONTINUED)

#### B. Funding Policy

The contribution requirements of plan members and the Town are established and may be amended by the Town's Board of Selectmen. Generally, the Town will contribute 3% of annual salary for full-time employees that participate in the Town's deferred compensation plan. For a certain employee group, the Town will contribute 6% of annual salary due to a one-time increase in the match given in lieu of a salary increase. For both employee groups, match provisions of 3.00% apply to receive the Town's contributions. The employee's and the Town's matching contribution vests 100% with the employee when contributed.

The Town's contributions to the plan including employee contributions for 2015, 2014, and 2013 were \$68,549, \$63,385, and \$69,597, respectively.

# NOTE 15 - RISK MANAGEMENT - PARTICIPATION IN A PUBLIC ENTITY RISK POOL

The Town is a member of the Maine Municipal Association – Property and Casualty Pool ("Pool"). The Town pays an annual premium for its property and liability coverage. Under the property coverage portion of the Pool, coverage is provided after the deductible is met, and is based on replacement cost. Under the liability portion of the Pool, coverage is provided after the deductible is met, to \$1,000,000.

Based on the coverage provided by the pools described above, as well as coverage provided by commercial insurance purchased, the Town is not aware of any material actual or potential claim liabilities which should be recorded at June 30, 2015. There were no significant reductions in insurance coverage from that of the prior year and amounts of settlements have not exceeded insurance coverage in the past three years.

#### NOTE 16 – JOINT VENTURES

The Town is a participant with the Town of Naples in two joint ventures to operate the Lake Region Bulky Waste Facility (LRBWF) and the Casco-Naples Solid Waste Transfer Station (CNTS). On dissolution of the entities, the net assets will be shared equally by Casco and Naples. Other municipalities can obtain joint use rights on a contractual basis. Each entity is governed by the same Advisory Board consisting of: a member of the Board of Selectmen of each municipality; two popularly elected citizens of each municipality; and the respective Town Managers as ex-officio members. The Towns pay appropriate tipping fees for accepted waste delivered to the facilities and are financially responsible for each facilities operation. The Town of Casco pays the costs of wage and benefits for the employees who work at either the Lake Region Bulky Waste Facility (LRBWF) or Casco-Naples Transfer Station (CNTS). They are

#### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2015

#### NOTE 16 – JOINT VENTURES (CONTINUED)

employees of the Town of Casco and subject to the personnel policies as the other employees. Casco is reimbursed 100% by the Town of Naples who acts as the fiscal agent. During fiscal 2015, the Town paid \$279,462 for wages and benefits and received the same. Complete financial statements for the LRBWF and CNTS are available at the office of each municipality.

The Town is a member of a joint venture with 45 other municipalities throughout Cumberland, Oxford and York counties. ecomaine is a solid waste management corporation that creates electricity through its processing of waste and also operates as an extensive recycling program. A joint committee, made up of the Town of Casco and twenty other member communities owns and controls the corporation. Interlocal (waste handling) agreements between ecomaine and participating communities obligate the members to deliver certain solid waste produced with the community to ecomaine for processing, and to make service payments and pay tipping fees for such processing. The Town has no explicit, measurable equity interest and therefore has not reported an asset in the financial statements in connection with its participation in ecomaine. The Town of Casco has an owner membership of 1.86% in ecomaine as of June 30, 2015.

ecomaine has issued bonds to fund the design, construction and start-up of a resource recovery system. The bonds are special revenue obligations of ecomaine, payable from and secured by a pledge of ecomaine revenues. The bonds do not constitute a debt or liability within the meaning of any constitutional or statutory provision of the State of Maine, or a pledge of the full faith and credit of a political subdivision of the State of Maine. ecomaine has no taxing power. The obligations of the participating municipalities under the Waste Handling Agreements are secured by the full faith and credit of the participating municipalities subject to certain limitations. On June 30, 2015, (the most current period available), ecomaine had no outstanding debt. Additionally, the Town's share of the projected landfill closure and post closure cost relating to ecomaine is estimated to be \$306,639.

#### **NOTE 17 - CONTINGENCIES**

The Town participates in numerous State and Federal grant programs, which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the Town has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectability of any related receivable at June 30, 2015 may be impaired. In the opinion of the Town, there are no significant contingent liabilities relating to compliance with the rules and regulations; therefore, no provision has been recorded in the accompanying combined financial statements for such contingencies.

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2015

#### NOTE 17 – CONTINGENCIES (CONTINUED)

With regard to pending legal claims or any unasserted claims, it is not feasible at this time to predict or determine their outcome. Management believes, however, that settlement amounts, if any, will not have a material adverse effect on the Town's financial position.

#### NOTE 18 – IRREVOCABLE STANDBY LETTERS OF CREDIT

At June 30, 2015, the Town of Casco has an outstanding irrevocable letter of credit issued by the Federal Home Loan Bank of Pittsburgh serving as collateral for its deposits held at TD, Bank, N.A. This letter of credit, which expires at the close of business on August 10, 2015, authorizes one draw only up to the amount of \$1,000,000. There were no draws for the year ended June 30, 2015.

At June 30, 2015, the Town of Casco has an outstanding irrevocable letter of credit issued by the Federal Home Loan Bank of Pittsburgh serving as collateral for its deposits held at TD, Bank, N.A. This letter of credit, which expires at the close of business on August 10, 2015, authorizes one draw only up to the amount of \$2,650,000. There were no draws for the year ended June 30, 2015.

#### NOTE 19 – COMMITMENTS

The Town of Casco, Maine, has entered into a contract for snow removal and sanding services with C. Pond Plowing, Inc. The contract term is for five years beginning September 1, 2015 and ending May 30, 2019. The annual contract cost is calculated on a per mile basis on 58.7 miles as follows:

Fiscal Years	
Ending	
June 30,	 Amount
2016	\$ 323,311
2017	336,243
2018	349,693
2019	363,681

For the twelve months ended June 30, 2015, the Town had a contract with R.N. Wiley & Sons Excavating, Inc. to provide the snow removal and sanding services. The total contract cost was \$310,875. All future contract amounts are subject to annual appropriation by the Town of Casco.

#### Permanent Funds

Permanent funds are used to account for assets held by the Town of Casco, Maine that are legally restricted pursuant to Title 30-A, §5653 of the Maine State Statutes, as amended, and unless otherwise specified, only earnings, and not principal, may be used for purposes that benefit the Town or its citizenry. These funds have been established for various purposes including the provision and/or maintenance of the cemeteries.
